

## DRIVING DIRECTIONS TO FIRST STAGE FABRICATION

From the vicinity of St. Louis, MO and Granite City, IL (Interstates 70, 55, 64 and 270) travel to I-255 South in Illinois. Take Exit #6 – **Route 3/Columbia** – a left lane exit.

Stay on Route 3 South through Columbia, Waterloo and into Red Bud, where Route 3 is also "Market Street." At the 4-way stop in downtown Red Bud (Market and Main Streets) continue straight and pass out of central Red Bud. You are now on Route 154.

5.5 miles from the 4-way stop in Red Bud, you will see the large, white "TMW" building on the right (if you cross over the Kaskaskia River, you've gone too far!). Pull into the drive and park in a space marked "Visitor" in front of the building. Enter through the "employees door" and FSF is on your immediate left.
